

Gordon Bishop

CEO and VP Operations

gordon.bishop@bjt-erm.com • [linkedin.com/in/gordon-bishop](https://www.linkedin.com/in/gordon-bishop)

EXPERTISE

Construction, Pipeline & Facility

Regulatory due diligence RFP and AFE creation design and execution

Drilling

All forms of oil, gas, disposal & injection wells

Completions

All forms of oil, gas, disposal & injection wells, singular and multistage fracing

Workovers

Reservoir and completion optimization, workover, repair, logging & interpretation

Well Integrity

Casing, cement, SCV, delineation, identification/resolution

Abandonments

Wellbore abandonments, singular & multi well projects, Conventional and Non-Conventional, before wellbore abandonments

Thermal

Well pair, monobore and extended reach, drilling, completion, optimization, stimulation, workover and abandonment

EXPERIENCE

Project Operations Manager

Apex Global Engineering

Managing Director & CEO

Way to Go Oilfield Services Ltd.

Drilling & Completions Operations Coordinator

Apex Energy Consultants Inc.

Completions & Workover Superintendent

Cenovus Energy Inc.

Wellsite Supervisor

NEP Canada ULC, MEC Operating Company, Husky Energy, Fairborn Energy

Wellsite & Drilling Supervisor - Husky

Nor Chief Consulting Ltd.

Wellsite Supervisor - Milestone Explorations, Devon

Canada, Trident Exploration Corp., Husky Energy

Nor Chief Consulting Ltd.

Drilling & Completions Field Coordinator - Laricina Energy

Nor Chief Consulting Ltd.

Wellsite Supervisor - Apex Energy

Nor Chief Consulting Ltd.

Drilling & Completions Field Coordinator

Apex Energy Canada Inc.

EARLY CAREER

Multiple completed wellsite Supervisory contracts

Numerous management firms

Rig Manager

Nabors Drilling Ltd., Cora Lynn Drilling Co. Ltd.

Combined Drilling - Land & Offshore

Numerous Drilling Companies

Derrickman and Motorman

Nabors Drilling Ltd.

CERTIFICATES & ACCREDITATION

- Well Service BOP • Well Control • Ground Disturbance
- H₂S Alive • Fall Arrest • First Aid & CPR with AED
- WHMIS • TDG • EGS • Vapor Plume Ignition
- Optimization & Execution Accreditations from Numerous Field Operations
- Safety Management Regulatory Awareness
- Currently completing C.E.T and P.M.P.

PROJECT HIGHLIGHTS

- Designed & executed, drilling and completion of monobore multi-lateral & extended reach lateral wells up to 4500+ metres
- High pressure, critical sour drilling, completion, workover and well integrity operations
- Asset operational execution and mentoring within CO₂ EOR scheme critical wellbore delineation issues
- Drilling supervision of slant directional and multilateral oil and gas wells
